Quick entry

[LINK](#)

QR-Code

- 1 Judge number (1 - 5) or trainee number (1 - 5)
- 1 Judge name
- 3 The login path takes the user to the evaluation module for judges
Either click directly or enter in the browser (e.g. Chrome, Edge)
Using this path the next 3 pages are relevant and the PIN (4).
- 4 The dial-in PIN is only important if the quick entry is not used.
- 5 Quick entry by clicking on the LINK (e.g. for online shows and sending the handout by email) - Only the selection of the language is necessary
- 6 Quick entry via QR code and smartphone or tablet - Only the selection of the language is necessary.

[Login for judges](#)

- 1 Select the desired language
Currently you can choose between English and German
- 2 Confirm your choice with the "Senden/Send" button
- 3 Under the link "Dokumentation / Documentation" you can always go to the latest user guide
The direct link to the documentation is
guppyshow-manager.de/richter-info.html

IX. – Judges evaluation module

Login for judges

The screenshot shows a web interface for judges' evaluation. It features a table with columns: Selection, Date of show, Exhibiting club, Show type, Place of Exhibition, Showmanager, and Last change. A large blue rectangular area obscures the 'Showmanager' column. Three red arrows point to specific elements: Arrow 1 points to the first row of the table; Arrow 2 points to the 'Place of Exhibition' column; Arrow 3 points to a 'Submit' button located below the table.

Selection	Date of show	Exhibiting club	Show type	Place of Exhibition	Showmanager	Last change
☒	10.10.2022	GZD (DE)	Pair/Trio	London	B	2022-10-10 22:47:26
☐	17.06.2022	GZD (DE)	Pair	Schiphorst	R	2022-10-10 00:28:03
☐	22.07.2022	ÖGG (AT)	Pair/Trio	Wien	M	2022-10-09 16:29:37
☐	03.10.2022	GZD (DE)	Pair	Berlin	A	2022-10-09 16:12:03
☐	01.07.2022	ÖGG (AT)	Pair/Trio	Wien	M	2022-09-13 16:04:52

Submit

If the quick entry was not selected, then the selection of possible exhibitions appears, which can be evaluated.

- 1 With the selection the correct exhibition is chosen
- 2 The displayed data should enable to find the right exhibition.
- 3 With "Submit" the selection is confirmed

Tank and filter selection

The screenshot shows the 'GUPPYSHOW-MANAGER' interface. At the top right, a blue button labeled 'Phone' is marked with a red arrow and a yellow box containing the number 1. Below it, the text 'optimized for' is followed by a red arrow pointing to a yellow box with the number 2. The main content area displays 'GZD-Show (Germany)' with a red arrow pointing to a yellow box with the number 3, and 'Berlin at 03.10.2022' with a red arrow pointing to a yellow box with the number 3. Below this, 'Judge No. 1 --- Je' is followed by a red arrow pointing to a yellow box with the number 4. A horizontal line separates this from the 'Pair' selection section, which has a red arrow pointing to a yellow box with the number 5. Below 'Pair', the text 'Which tank of the show should now be evaluated ?' is followed by a red arrow pointing to a yellow box with the number 6. Underneath, 'Tank No. 1' is followed by a red arrow pointing to a yellow box with the number 7. To the right, the text 'Show only tanks of the following standard.' is followed by a red arrow pointing to a yellow box with the number 7. Below this, a dropdown menu shows 'No filter' with a red arrow pointing to a yellow box with the number 8, and a 'Use filter' button is also pointed to by a red arrow from the same yellow box with the number 8. At the bottom, there are 'Submit' and 'Logout' buttons.

- 1 The display is optimized for smartphones by default. Through this button, you can switch between desktop and smartphone optimization for the display.
- 2 Display of show data (club and country).
- 3 Display of place and day of judging
- 4 Judge or trainee number and name
- 5 Selection whether to start with trio or pair, here only pair for selection
- 6 With which tank number should be started with the evaluation
- 7 It is possible to set a filter according to standards, for example only triangle standard tanks are displayed. The filter can be selected here.
- 8 The filter selection is confirmed with Apply filter.

IX. – Judges evaluation module

Tank and filter selection

The screenshot shows the 'Tank and filter selection' interface of the GUPPYSHOW-MANAGER. The interface includes the following elements with corresponding numbered callouts:

- 1**: Points to the 'Phone' button in the 'optimized for' section.
- 2**: Points to the 'GZD-Show (Germany)' text.
- 3**: Points to the 'Berlin at 03.10.2022' text.
- 4**: Points to the 'Judge No. 1 --- J' text.
- 5**: Points to the 'Pair' radio button.
- 6**: Points to the 'Which tank of the show should now be evaluated ?' text.
- 7**: Points to the 'Tank No. 1' dropdown menu.
- 8**: Points to the 'Use filter' button.
- 9**: Points to the 'Submit' button.
- 10**: Points to the 'Logout' button.

By means of a filter, tanks of only the selected standard can be evaluated one after the other. The program goes from one tank to the next tank with the respective standard even if tank numbers with other standards are in between.

9 With "Submit" you go to the evaluation page.

10 Alternatively, the program can be terminated with "Logout"

Evaluation

GZD-Show (Germany)

Berlin at 03.10.2022

Judge No. 1 --- J

Evaluate Pair-Tank No.

-> or change direct to tank no.:

IHS-Code: A2-1-19

(DELTA TAIL GREY Blue / Red Grass)

Male

Body

Length: ☐ 8 ☐ 7 ☐ 6 ☐ 5
☐ 4 ☐ 3 ☐ 2 ☐ 1 ☐ 0

Shape: ☐ 8 ☐ 7 ☐ 6 ☐ 5
☐ 4 ☐ 3 ☐ 2 ☐ 1 ☐ 0

- 1 Display whether a pair or trio tank is being evaluated. (enlarged in version 1.31)
- 2 Which tank is being evaluated (in red) (enlarged in version 1.31)
- 3 Possibility to change to the next tank (without saving)
- 4 With the button "Yes, change directly" it is possible to change to the displayed tank (here 2) (without saving).
- 5 Display of the IHS code according to which the tank is to be evaluated
- 6 Selection of the points for the individual evaluation criteria

If a criterion has not been evaluated, this is displayed in red.

IX. – Judges evaluation module

Evaluation

The screenshot shows the 'Judges evaluation module' interface. It includes sections for 'Vitality' and 'Female' evaluation. The 'Vitality' section has a row of radio buttons labeled 5, 4, 3, 2, 1, 0. The 'Female' section has rows for 'Size' (radio buttons 3, 2, 1, 0), 'Shape' (radio buttons 3, 2, 1, 0), 'Matching' (radio buttons 2, 1, 0), and 'Vitality' (radio buttons 2, 1, 0). Below these is a progress bar showing 0% and a dropdown menu for 'Suggestion to Show Manager for disqualification due to'. At the bottom, there is a 'Next tank you want to evaluate:' dropdown menu showing '2', and three buttons: 'Save', 'Continue WITHOUT saving', and 'Back'. Red arrows point from numbered yellow boxes (7-13) to specific elements: 7 points to the Vitality radio buttons, 8 points to the Female Vitality radio buttons, 9 points to the disqualification suggestion dropdown, 10 points to the 'Continue WITHOUT saving' button, 11 points to the 'Save' button, 12 points to the 'Continue WITHOUT saving' button, and 13 points to the 'Back' button.

Vitality

Vitality: ☐ 5 ☐ 4 ☐ 3 ☐ 2 ☐ 1 ☐ 0

Female

Shape: ☐ 3 ☐ 2 ☐ 1 ☐ 0

Matching: ☐ 2 ☐ 1 ☐ 0

Vitality: ☐ 2 ☐ 1 ☐ 0

0% Suggestion to Show Manager for disqualification due to

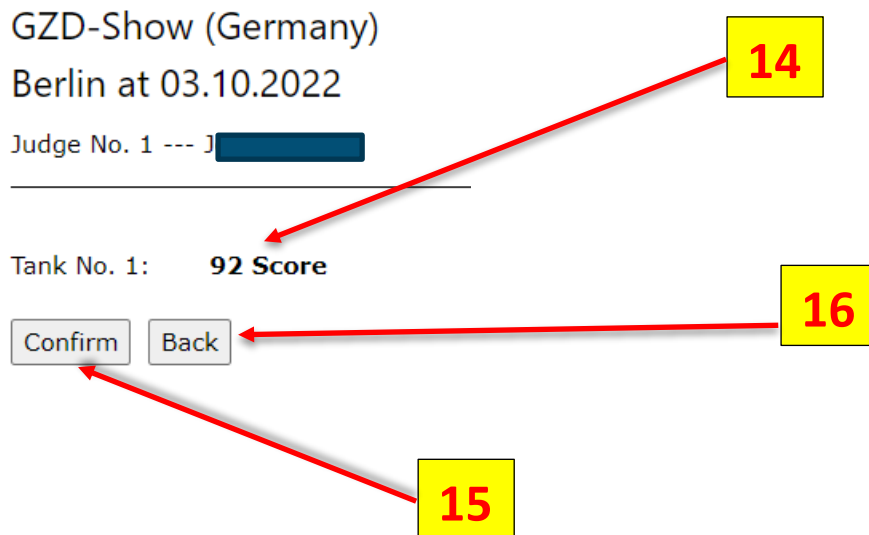

Next tank you want to evaluate: 2

Save Continue WITHOUT saving Back

- 7 For pair tanks, in addition to the male, the female must also be evaluated with its criteria.
- 8 Progress bar shows how many tanks have already been evaluated in percent.
- 9 A judge can make a suggestion for disqualification. The further procedure for this tank is then to be coordinated with the show manager. The show manager gets a corresponding display about the proposal for disqualification.
- 10 As in point 3, it is possible to change to another tank. To do this, press the button "Continue WITHOUT saving" (12).
- 11 Save the evaluation of the individual criteria (confirmation - see next page).
- 13 "Back" to tank and filter selection (See page 6).

IX. – Judges evaluation module

Evaluation

- 14 Display of the total number of points awarded for the tank.
- 15 The total number of points awarded must be confirmed once again before actually saving.
- 16 Pressing "Back" does not save and changes can be entered in the evaluation screen
